

RE✓UP!

Register! Educate! Vote!

**For Texans with disabilities,
there is no time like the present!**

Elections that will shape our state for many years are coming up in November 2014. More than any time in memory:

- ★ Elected leaders and political candidates are beginning to recognize more than four million Texans with disabilities – from birth to advanced age – as an important and powerful constituency.
- ★ Issues that are important to people with disabilities are part of public – and political – discussions about our state’s future.

**Take advantage of the times!
USE YOUR POWER!**

The **Disability Voting Action Project (DVAP)** wants YOU to help increase the political power of Texans with disabilities and our allies. Help us establish the disability community as an educated, strong, and mobilized voting constituency!

Visit the DVAP website to join this important and historic effort! Everyone’s welcome – DVAP is a nonpartisan organization.
